

Your listing. Your next step.

Free ownership review and optional paid membership

This guide explains the process. It does not confirm that an application or claim has been approved.

1 Claim your existing listing for free

Open the review link in your invitation, or use **Claim This Business** on your listing. Submit your ownership details and choose **Decide after ownership review - no paid plan selected**. There is no checkout for free ownership review.

Ownership approval is separate from verification, paid benefits, activation, and family-request eligibility.

2 Upgrade when you choose

After your free claim is approved, click **Explore paid membership** in your claim-status email or on your claimed listing. This keeps your existing provider reference. Choose a tier, or request guidance with no paid plan selected.

For a paid plan, complete the existing ownership/provider review and then follow your secure onboarding link to review the agreement and checkout. Confirm the plan and billing terms before paying.

Membership options

Founder	\$1,000 one time	Lifetime membership; no recurring membership fee.
Gold	\$199/year	Enhanced visibility; top routing-class consideration when eligible.
Silver	\$99/year	Enhanced visibility; Silver routing-class consideration when eligible.
Bronze	\$79/year	Core visibility; Bronze routing-class consideration when eligible.
Verified Listing	\$19/year	Directory visibility only; no family-request routing.

3 Finish the required checks

Confirm services, service areas, business information and any required credentials. Payment, ownership approval, verification, publication, profile QA, activation and routing eligibility remain separate decisions.
